Good Rains Cover All Parts Randall County

Plans Being Made School Opening

Frank Winters Was Drowned Friday Buffalo Lake When Fell From Boat

Prominent Young Farmer of Randall County; Body In Water Until Saturday Night

Frank Winters, 38, was drowned in Buffalo Lake late Friday night when he fell from the boat in which he was riding alone. The body was recovered Saturday night in 15 feet of water.

The body was caught by the wrist with a grappling hook being dragged behind a motor boat belonging to Alton Frazier, and driven by Earl Phillips, both of Hereford.

Some 12 or 15 motorboats and row boats equipped with out-board motors were engaged in the dragging.

Members of the Amarillo and Canyon fire departments, equipped with electric flood lights, Texas Highway Patrolmen from Amarillo and Hereford, some two dozen soldiers from Amarillo Field, and a large number of citizens aided throughout the search, which began about midnight Friday, shortly after Bud Shearer, of Amarillo, noticed his empty motorboat circling crazily in the lake. The boat finally ran ashore on the south side of the lake. Mr. Winters was Mr. Shearer's guest.

The Southwestern Public Service Company sent spotlights to be used in the search.

The soldiers, walking abreast and holding hands waded in water neck deep in search of the body. Boats shuttled back and forth across the lake, dragging grappling hooks.

Franklin Wilbert Winters, who was 38 years old, was a native of Oklahoma. He came to the Panhandle 27 years ago with his family, and he and five brothers, all farmers and stockmen, have since resided in northeast Randall county.

He is survived by his wife, Mrs. Nell Winters; a son, Marvin, 13 years old, and a daughter, Melva Jean, six; his mother, Mrs. Frank Winters, Sr., and five brothers, Flin Winters, Elmer Winters, Leonard Winters, Clarence Winters and Charlie Winters.

Mrs. D. D. Stevens with her granddaughter Shirley Harrison, has returned from a month's visiting with her two sons in California.

Miss Norma Hogue is now working in the Canyon Tailor Shop.

Repairing Streets Planned As Labor Is Available

The City Commission had hoped to do considerable repair work on the streets of Canyon during this summer. Owing to the labor shortage this work has been impossible. The commission tried to interest contractors to take over the job of rebuilding some of the streets which are getting in very bad state of repair. None of the contractors were interested due to the labor situation.

At the meeting of the Commission Monday night it was decided to map out a program of street repairs for next spring. It was hoped that the war in Europe would be over by that time and that labor will be available.

Equipment for street repair work will be bought by the city in order that the city may do its own repairing.

An extra man will be put to work to take care of the streets, alleys, and vacant lots, states Mayor W. A. Warren.

The commission realizes the necessity of an extensive improvement program for the streets and alleys, but it has been handicapped this year by circumstances over which it had no control.

Thos. J. Lawlis Died Friday, With Funeral Saturday

Thomas Jefferson Lawlis, 68, died Friday afternoon at the family home. He was a retired farmer and had lived in Canyon for 6 years.

The funeral was held Saturday afternoon at 4 o'clock at the Methodist Church, conducted by Dr. Roy Johnson, pastor of the Baptist Church.

Interment followed in Dreamland Cemetery in charge of the Griggs-Warren Funeral Home. Pall bearers were J. W. Shook, B. C. Taylor, Ross Service, Bud Rusk, Max Brady and Geo. Taylor.

Mr. Lawlis was a member of a family of 16 children, with six surviving him. He had been a member of the Methodist church since 24 years of age and lived a consecrated Christian life.

Surviving are: the wife, Mrs. Annie E. Lawlis; one son, William Woodrow Lawlis, Chief Petty Officer in the U. S. Navy; two daughters, Mrs. Lawrence F. Eaves of Bremerton, Wash., and Mrs. Gordon Beck of Anson; four grandchildren, Gordon Earl Beck, Robert Byron Beck, Virginia Ann Eaves and Edna Ruth Eaves; three sisters, Mrs. Emma Baker, Mrs. Alma Winburn, both of Malvern, Arkansas, Mrs. Annie McClendon of Fort Worth; three brothers, Simon Lawlis, Alfred Lawlis, both of Rotan, Will Lawlis of Fort Worth.

Individuals Are Asked to Help Clean Cemetery

Dreamland Cemetery needs cleaning done.

Shortage of labor makes it impossible for the Cemetery Association to employ enough labor to do the cleaning that is immediately necessary to keep the appearance of the Cemetery such that we as a town can remain proud of it.

Individuals who own lots could help greatly just now if they would donate a day or two of work on their own lots. Just a little time from each owner will make a much needed change.

If any hired help can be found, send some one to work for the interest of improvement of the Cemetery whether you have a lot or not.

MARRIAGE LICENSE

Neil Goggan to Mrs. Fannie Bennett, August 31.

Michael J. Kocan to Mary A. Bezman, Sept. 2.

Mrs. G. B. Bourland spent a few days with her brother, M. H. Taylor and niece, Mrs. J. B. Wingington in Lockney last week.

Mrs. Olin Huff and daughters left Sunday for San Diego, where they will be with Mr. Huff, who is stationed there in the Navy.

Certificates Are Necessary Meal, Cake Purchases

The county office has been notified that producers signed statements approved by the County AAA Committee are now required for delivery of protein meal and cake. This order comes from the War Food Administration and is intended to prevent hoarding and speculation in connection with protein feed sales.

Deliveries can be made of 500 pounds, or less, within any thirty day period, to any purchaser, without a certificate.

Dealers may require certificates for small deliveries owing to the difficulty of keeping records on small deliveries from various distributors.

Applications for certificates may be filed at the County Agent's office any time as the need arises.

It is contemplated that it will not be necessary to restirct deliveries to one week's supply as was done last winter if all feeders will cooperate with the county committee in estimating requirements.

Bond Sales Go Over the Top in Month of August

Randall county went over the top in the August bond drive.

The quota for the month was $24,100. The sales for the month in Canyon amounted to $24,204.25.

Outside sales on salary withholdings is not included in this total. County Chairman R. H. Wright will receive this total in a few days.

The quota for the month of September has not been received.

T. S. Stevenson, Jr. Has Returned From Italy Area

S-Sgt. T. S. Stevenson, Jr., has arrived back in the States from Italy where he has been with the 380th Bomber Squadron for 17 months.

He telephoned his parents Saturday night of his arrival, and the fact that he expected to arrive home on a furlough in a short time.

Canyon Schools Open Sept. 18

New Students Must Be Vaccinated; Speer Has Made Announcements

The first faculty meeting of the Canyon Public Schools will be on Monday, September 18 beginning at ten o'clock.

Registration of students will begin on Tuesday, September 19 at 10 o'clock in both grade school and high school. The school buses will run for the first time Tuesday and will return home at 1 o'clock that day. School buses are expected to arrive between 9:30 and 10 o'clock each day. Classes will begin on Wednesday.

There will be no early enrollment of high school students this year because of the shortage of labor and transportation. All high school students, grades 7-12, will enroll on Tuesday.

Pupils who submitted vaccination certificates last year need not submit them this year. All new students must furnish evidence of vaccination for smallpox and diphtheria before they will be allowed to enroll. Birth certificates are required of all first grade pupils only.

At this time all grade school positions are filled. There have been only two resignations in the grade school faculty to date. The teacher new to this school is Mrs. Hazel Atchley who will teach in the fourth grade. Miss Florence McMurray resigned as fourth grade teacher last spring. Mrs. Cortez Dowlen has resigned the public school music and piano position and to date this place has not been filled. The high school has three vacancies, namely: English, science, and librarian, and it is hoped that these can be filled before school opens.

Two new teachers have been employed for high school. Mrs. Emma Gene Jackson of Ralls, for mathematics, and Miss Mary Carter of Littlefield, for girls' physical education.

It is possible that the complete faculty will be available next week.

Lt. Roy Byrd Has Completed Training in Europe

Lt. Roy N. Byrd, Jr., husband of Mrs. Roy N. Byrd, has completed an orientation course designed to bridge the gap between training in the States and combat soldiering against the enemy in France. His next station will be one from which America's fighting planes cover our liberation of Occupied Europe, according to information received by The News from the Public Relation of the United States Strategic Air Forces in Europe.

Buffaloes Gather at Stadium For Opening of the Football Schedule

Coaches Are Pleased With 40 Men Who Appeared for Opening Training Camp

Football Training Camp at West Texas State College opened September 5 with forty men reporting for the twice-daily drills held at Buffalo Stadium.

After impressing the boys with the necessity of driving hard in order to be ready for the first game with Oklahoma A. & M. on September 23, the coaches took the boys to the field and began hard tackling and blocking in the second practice session. Splendid morale exists in the camp, and the boys are putting all they have into the work that packs calisthenics, passing, punting, running, blocking, and tackling drills into two hours of continuous work with very little time for rest.

Relying on three ex-lettermen, two transfers with previous college experience, and about thirty picked boys from the high school teams of this region, Coach Gus Miller is building a team to play fast, aggressive, wide-open ball the full sixty minutes of each game. Some of the younger boys are showing up fine, and every man will have to hustle to be in the game. Building his offense around the T and the Box Formation, Coach Miller plans on speedy running, quick opening plays, and a strong passing offense for his scoring. The first week of the drills will be used largely to show what each individual man can do and where he will best fit into the team.

Commenting on the prospects after the first day of workouts, Coach Miller said, "I got the boys I went after. They look fully as good as I expected them to this far. I don't know what the results of each game will be, but I do know that we'll have a good team. For seventeen year olds they look good, and some of them will make very fine players."

Parks Committee Named Monday By Commission

The City Commission appointed a City Parks Committee at the Monthly meeting Monday night.

The committee is composed of John Gillis, L. D. Winn, T. A. Black, Andy Walsh and J. D. Barker.

The committee will meet with the City Commission in a few days to discuss the legal limitations of a city park system.

Mayor Warren states that there has been so much discussion in favor of city parks that the commission reached the conclusion that a citizen's committee should be appointed to work with the City Commission on this program. Canyon is incorporated under the general laws of Texas and therefore faces limitations in the matter of acquiring and maintaining parks.

Harris M. Cook Has Been Sick of Acute Indigestion

While returning home from Lamesa Saturday morning, District Governor Harris M. Cook of the 127th Rotary District, was stricken with an attack of acute indigestion near Lubbock. He was taken to a Lubbock hospital where he was under treatment for several days.

Mrs. Cook was at his bedside after the attack.

Dr. Cook has been visiting Rotary Clubs in the south part of the district on his official visit. He did not have visits scheduled for this week and hopes to be able ot resume his schedule of visits.

The Last Request

Christmas Mailing to Men Overseas Will Start Sept. 15---Ends Oct. 15

Instructions Are Given As to Preparation of Packages to Be Mailed

Save strong string and box material and start to plan shopping, Postmaster General Frank C. Walker advises Americans in announcing the rules for mailing of Christmas gifts for Army and Navy personnel overseas.

This year the Christmas mailing period for both Army and Navy overseas forces is the same—September 15 to October 15. After October 15 no gift parcel may be mailed to a soldier without the presentation of a written request from him.

Among the more important rules for Christmas mailings to the armed forces overseas are the following:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

When combination packages are made up of such items as miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed so that they will not become loosened in transit and damage the contents or the cover. Hard candies, nuts, caramels (including those covered with chocolate,) cookies, fruit cake, and chocolate bars individually wrapped in wax paper should be enclosed in inner boxes of wood, metal, or cardboard.

Perishable goods, such as fruits and vegetables that may spoil, are prohibited. Intoxicants, inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Mrs. Hannah Thomas Died Thursday at Coatesville, Pa.

Mrs. Hannah Thomas died Thursday at Coatsville, Pa. The funeral was held Sunday, with interment at the Fairview Cemetery in that city.

Mrs. Thomas was the widow of the late David Thomas, pioneer of Canyon. After the death of Mr. Thomas, she went to Coatesville to make her home with Mrs. S. J. Ferguson.

She took an interest in all affairs of Canyon during her life time, and is remembered by hundreds of persons in whom she took a neighborly interest during the time she lived here.

S-Sgt. Bud Thurman is spending a 10 day furlough in the parental T. M. Thurmon home. He is stationed at Sioux City, Iowa as a gunnery instructor.

Prisoner of War Labor Requests Are Being Made

Arrangements are being made to use Prisoner of War Labor on farms in Randall county for feed shocking this fall. Applications to use this labor must be made in the County Agent's office ten or twelve days before the laborers are needed owing to the regulations regarding certification and approval of the contracts.

It is expected that charges for this labor will be 25c per hour per man plus transportation from the Hereford camp.

A crew is made up of 15 men plus a guard escort of three. Farmers using this labor will be required to place in escrow sufficient money to pay the War Department for the labor.

Farmers living too far from the Camp cannot make efficient use of the prison labor on account of the cost of transportation and the time required for two trips daily to the Hereford camp.

STORK SPECIAL

Born to T-Sgt. and Mrs. Clarence D. Zachry, August 26, a son, Richard Dale, weighing 6 lbs. 12 oz.

Mrs. Prentice McKee and children arrived Sunday from White Deer and will likely move here for the winter.

Mrs. J. W. Pierce is teaching school at Turkey.

Don't Forget!

It's more pleasant than tying a string around a finger to carry a mental image of Angela Greene, above, "Hollywood Canteen" film actress, who reminds you that packages for servicemen and gals overseas should be mailed between Sept. 15 and Oct. 15.

Wheat Season Is One of the Best

Rains Come in Time For Volunteer Wheat, Plowing and Seeding 1945 Crop

Rain in Canyon for this week amounted to 1.53 inches.

A light shower of .08 of an inch fell Sunday night. The big rain fell Monday and Monday night which amounted to 1.35 inches. Tuesday morning light showers continued which amounted to .10 of an inch.

The rain has been reported general all over the county. The west and southwest sections of the county report heavier rains than have fallen in Canyon.

According to general reports this rain was well timed for wheat. The volunteer wheat will be brought up in a few days. Farmers will be able to plow the volunteer and weeds which will start from this rain and then seed the 1945 crop in ample time. Next year's wheat crop will have a splendid start because of this rain, according to general reports.

Labor to handle the heavy row crop is the pressing problem of the immediate future. This crop is reported to be generally fine over the county. Applications have been taken to secure prison labor from the Italian Prisoner of War Camp at Hereford, but due to the large demands for this labor in the immediate territory surrounding the camp it is very undetermined as to the amount of Italian labor that will be available.

The rains of this week brought the total in Canyon to 23.77 inches. This is not a fair average for the county due to the fact that several rains have fallen in Canyon which hardly extended beyond the city limits.

R. B. Gist has a standard rain guage at his farm southeast of Canyon. He stated Saturday morning that he had received only 12.13 inches of rain this year as compared to the 22.24 inches which had fallen in Canyon up to that time. That section seems to have been the shortest of rain of any in the county. There is another dry section in the southwest corner of the county. Both areas are rather limited in size. The general average of rain for the county up to the present time will probably reach almost 20 inches, according to reports received this week.

Picture of Medical Corps With Major Neblett is Pirnted

The Sunday's Star - Telegram showed a picture of the Army Medical Corps in New Guinea. Major R. A. Neblett was the second officer in command of the Corps which is composed of doctors from Texas who graduated from the University of Texas.

Capt. W. E. Lockhart of Alpine, son of Mrs. W. E. Lockhart of this city, was also shown in the picture.

An extensive account of the work of this medical unit was published in this edition.

Lyceum Tickets for Season Will Be Sold Citizens---Good Attractions

Season Tickets Will Be Made Available After the Opening of Fall Session

Tickets to the Lyceum attractions of the College are being made available to the people of Canyon this year at a price of $2.50 for the series. Four numbers have already been booked, according to Dr. Wallace R. Clark, chairman of the committee in charge, and it is likely that one or two numbers will be arranged for as the year advances.

An important number will be the highest ranking chamber music organization of the United States. This is the Hart House Quartet, founded in 1924. Its members are James Levy, first violin, Henry Milligan, second violin, Allard de Ridder, violist, and Boris Hambourg, 'cellist.

Canyon audiences have always been especially appreciative of and responsive to chamber music.

John Temple Graves, a member of the editorial staff of the Birmingham Age-Herald, who is said to have the best control of the English language of any speaker on the platform today, will lecture during the year. Graves bases his speeches on a careful study of Southern tradition and history.

Edward Howard Griggs, who always brings new subjects, treated in a highly original and refreshing manner will be the second lecturer. He will give several addresses, probably in the daytime.

Miss Marjorie Moffett, monologist, always delights her audiences; she has a spontaneity in her comedy portrayals that is captivating and her tragic roles possess sincerity and beauty. She is a young artist and a real genius.

For a number of years Canyon people have felt that students needed all the space in the College Auditorium. Now, with the acoustics much improved so that it is possible to hear in all parts of the auditorium, townspeople will again feel free to attend the programs.

The tickets will be put on sale immediately after the opening of the college on September 19.

Misses Mary Lee and Hazel Cooper left Sunday for Long Beach, Calif., where they will teach school this winter. Miss Hazel has been teaching in California for several years. Miss Mary Lee has been teaching in this vicinity.

Mrs. O. B. Vaughan returned Monday from a visit with her mother, Mrs. Mattie Godwin in Elk City, Okla., and other relatives in Moorwood and Cordell, Okla.

Miss Claudine Foster leaves tonight for Cadet Nurses Training at St. Anthony's hospital, Amarillo.

Placed as an Outstanding Weekly Newspaper in "Editing The Day's News" in 1943.

Readers of *The News* remember how we have stood up for Churchill and Great Britain throughout the war, even in those blackest days. We were fearful that the English haters in America would cause a riff between the two nations at a time when complete harmony was needed. However, from a military standpoint, we are now convinced that Roosevelt has been altogether too lenient with Churchill, and has given in when it was against the best interests of this nation. Frankly, Churchill's greatest aim in this war is to preserve the British Empire. He is willing to let us do the fighting and pay the bills, just so Britain comes out as the final victor. Three things should be kept in mind as you con consider Churchill, a relic of English diplomacy. 1. Churchill placed in command his pet military man to open the Burma campaign. The campaign stands as it was months ago. Churchill wanted this key position in order to protect the British interests in India. 2. Churchill insisted on the campaign in Italy against the judgment of all military men. Italy was too narrow for modern military tactics. Roosevelt agreed to this, and the campaign has been bogged down because of unfavorable terrain. 3. Churchill said that the second front could not be opened in France. See what has happened since the military men took charge, made a successful landing in France, and have liberated practically the whole of the nation. Churchill may have been a great military genius in his day, but that seems to have long ago passed. No wonder he could not get along with either Stalin or Roosevelt in their recent meeting. He seems to have developed into a quarrelsome old diplomat who is in there to protect the Empire, in spite of all that the United Nations have done to save the Empire.

How many Democrats in Texas are going to bolt the Democratic party in November? Frankly, this would be an interesting study, although it would probably be impossible to find an accurate estimate of those who intend jumping the fence and leaving the ticket on national issues. *The News* has been told by several Randall county voters that they would not support the President for re-election. Whether they will stay at home on election day, or vote the Republican ticket is not clear at the present time. Most of those who declare that they will not support the 4th term are yet undecided. The progress of the war will probably have much to do with their decision in November. You will recall that when Hoover carried Texas there was not much talk among those who refused to vote the Democratic ticket. It was a quiet movement, which was followed by thousands of people who refused to follow the dictates of the bosses. In this election, Roosevelt was renominated through the psychology of fear. A large per cent of the Democrats were afraid not to support him because of the war. Those who have been on the "gimme" bandwagon throughout the Roosevelt administration are for him 100%, simply because they want the government to continue handing them favors in spite of the huge national debt which is being piled up. While Texas is listed 75% for Roosevelt in the Gallup Poll, one wonders if this is the true picture at the present time.

One thing is sure and certain: You cannot laugh off the fact that every man, woman and child in the nation has a debt of $2,000 on his shoulders. That debt must either be paid by each individual, or the debt will be repudiated. When you consider asking the federal government for another big grant, just consider that another debt will be piled on the shoulders of the people of the United States. The fabulous prices which the federal government has been paying for labor and materials during the war can only be met by paying taxes. Most of the people who have drawn these wages, and all of those who have gained from the excessive prices for materials will have spent the money long before the tax collector gets around. While our foreign policy is the predominant issue in the present election, facts are that the domestic policy should be considered by every voter. Are we going to break the back of the American people by piling up more debts, or are we going to start a program or retraction and clean up these old debts? For 12 long years all that the Roosevelt administration has done is add to the huge national debt. All that the New Dealers hope for the future is to continue adding to the national debt. Individuals cannot spend themselves back into prosperity; neither can nations.

Churchill and Roosevelt are to meet again soon to map out war policies. It is said that they will discuss the future of Germany, and the war against the Japs. If Germany is considered at this meeting, Stalin should be consulted. He is going to have more to say at the peace table than either Churchill or Roosevelt—and rightfully so. The Russians stopped Hitler at a time when Britain was helpless, and America could not put a sufficiently strong army in the field to check Hitler. Nominally, the Russians are not at war with the Japs. But the Chinese are now looking more to Russia to free them from the clutches of the Japs than they are to America and Britain.

Sidney Hillman justifies his Political Action Committee by trying to charge that other organizations are likewise breaking the Corrupt Practice Act. Hillman admits that it is unlawful for any organization to make contributions to political parties, but seeks to sidestep the issue. Congress is going to investigate every charge that Hillman makes against other organizations. However, Hillman has not yet pinned the charge of brazen law violation of any other group as is charged against his CIO political and labor racketeers.

We read the other day from OPA officials that when the war ends the American people will demand that rationing be continued. The excuse was that Mrs. Smith across the railroad track will glory in the fact that she has just as many points to buy food as has Mrs. Rockefeller. The OPA official who made this sappy statement does not know the American people. Americans do not mind government interference with their personal rights so long as dire situations, like the war, confront the nation. But when these emergencies pass, Mrs. Smith does not care a rap what Mrs. Rockefeller spends for food. She knows that Mrs. Rockefeller has more money and would be a chump if she did not spend more for food than Mrs. Smith is privileged to spend. This nation wants to be free of unnecessary government red tape, and it would be very unhealthy for any Congress which sought to impose needless regulations simply for the purpose of giving jobs to a bunch of employees who should get off the necks of the taxpayers.

An auto dealer said the other day that the public is being fooled by statements concerning the car situation. It is predicted, by some commentators, that it will be a year before car manufacturering plants will be able to produce cars after the war stops. This is not the case, if the government gets out of the way and American free enterprise is given a chance to go into action. When the big automobile plants were converted to war work, all of the tools used in car production were stored. These are ready for reassembly when war orders stop. It is predicted that every big plant will be able to reconvert for the production of cars within 60 days. There will be a great demand for cars, and the plants will be months behind with orders when they get started. Do not expect to buy a new car 30 minutes after peace comes. All of us will have to take our turns.

The Democrats of Texas are going to stage a fierce battle at Dallas next week. In spite of the fact that this is the "Governor's Convention," national politics will be the predominant issue. New Dealers are going to try to unseat the electors named in the May convention. The anti-New Dealers are determined that the New Dealers will not do that very thing. The Governor is going to be called upon to try and make peace between the factions. This will not likely be possible. The Governor is backing State Chairman Geo. Butler for re-election, and the New Dealers are out after Butler's scalp. So far as we know, every Governor has always named the State Chairman, the same as every President and candidate for president has named the National Chairman of his party. We shall see what we shall see.

The man without a party this year seems to be Wendell Willkie. Dewey has been trying to get his aid without going to the trouble of personally soliciting the active support of the Republican standard bearer of four years ago. Dewey seems to think that this would require too much unbending of his dignified shoulders. Roosevelt wrote Willkie a letter asking for a conference, but later denied such a letter. Dewey should know that he cannot win without the active support of Willkie. Perhaps he prefers to lose the race rather than cater to Willkie, who is known to have the same views on foreign affairs as does the President. Roosevelt is sure that his personal charm will induce the people to re-elect him without the necessity of courting favors from his former political opponent.

Military men predict that it will take one more year to clean up on Japan. This actually means that the military men expect Japan to fall within six months. Military men are never over optimistic. They cannot afford to be. When General Eisenhower announced from England that Germany would fall before the end of 1944, his statement was generally discounted by Americans. No one knew the immense preparations which the General had made, and the program which he had mapped out for invasion. The General was right in his prediction, and the balance of us were wrong. General MacArthur promised the Philippines that he would return and liberate them. His promise seemed very far fetched at that time. But today the liberation of the islands seems only a matter of a few more weeks.

Surprise of all surprises! We have been told that the people of France were starving, but our troops found the people well fed and very well clothed. As a result there will not be the great demand for food as was predicted a few months ago. The government has bought great stores of food ready to feed the liberated nations. The problem will not be as large as anticipated. This is no indication that Germans were less severe on the conquered nations than has been pictured. It is likely that millions of people have been starved to death. But it shows that the people were able to take better care of themselves, under the German heel, than was generally anticipated.

The trip of Roosevelt to the Pacific is giving the Republicans all kinds of political thunder. Whether it is a mere heat flash, or genuine pronged thunderbolts is yet to be developed. That the publicity was badly handled from Washington, no one denies; that the President's appearance on the train in his acceptance speech, and his talk from the navy yard on his return put him in a bad light, is freely admitted. All of this is going to add up to the fact that the question of the President's health is going to be a political issue in the campaign.

In 1918 this writer was in Verdun when the Germans were pouring shells into the city. The wonderful fort held against all attempts of the Germans to smash it. Every building in the town was wrecked. And now our troops took Verdun from the Germans last week without a struggle. What a change from the days of 1918 when Americans slushed through mud and rain day after day to take a few yards at a time. Hitler cannot possibly hold out much longer, in spite of the stand the Germans are expected to make when they try to defend their homeland.

Frank Dobie, noted Texas professor in England, says that he is for the sergeants in the American army. He hopes to see a lot of them elected to public offices after the war. They are the real diplomats of the army in knowing how to handle men and face situations. He points to one sergeant who has an unusual sense of humor. In reference to the presidential situation this sergeant stated: "It's always all right to trade horses. At times it's even all right to trade in mid-stream. But it is never all right to trade a horse for a pony."

Pastor Begins Fifth Year In Canyon

Dr. Roy L. Johnson began his fifth year as pastor of the First Baptist Church in Canyon September 1st. He has been conducting a revival at Petersburg, Texas, the last two weeks.

During the four years of Dr. Johnson's work in Canyon the membership of the church has increased and efficiency of the various organizations has improved. A debt of nearly $8,000.00 has been paid in full and the church has acquired additional lots both north and west of the building. On the north a pastor's home will be built when materials are available.

The unfinished building which had no completely finished room four years ago now has many finished rooms and during the month of August this year the volunteer offerings were more than $6,000.00. Enough materials are on hand to almost finish the building and much carpenter work done in August. Almost enough cash is in the bank to complete the building and plastering will begin September 11th and other work will follow until every part of the building is complete. It will contain more than 60 rooms, some of them large ones. The auditorium can seat 800 and by opening folding doors can care for 1,000.

There are six departmental assembly rooms large enough for 75 to 200 each, and many class rooms. A modern church library is to be included in the complete building and it will be open for community use daily. Modern facilities for the social life of many college young people and others are included in the parlor-class-rooms, the social and banquet hall and the commodious and up-to-date kitchen.

A modern nursery with hot and cold water and electric fountain will be provided for babies and small children. Two shower baths and seven rest rooms are in the building.

A new baptistry is being installed to properly administer this ordinance. The $8,000.00 pipe organ will be reconditioned and made ready for use at an early date.

The local Baptists are not wealthy but have tried to provide a building suitable for the varied ministry of a modern church and when all the work is done they expect to have an "open house" for all Randall county citizens to inspect it.

All the work is financed with voluntary gifts from members and friends. No canvass for funds has been made in more than three years, and the church is in the best financial condition of its history. Offerings the past twelve months have been more than $23,000.00, with about $3,000.00 of it going for missions and benevolences.

Robert H. Kilgore is the assistant in charge of Student Work and Music and the church is adding a new paid worker in Sepatmber in the person of Miss Mary Beth Roddy of Tahoka who will be office secretary.

The pastor's family have commodious quarters in their six-room apartment in the church building where they will live until the time when the home can be built. The pastor's office and study are located on the main floor of the church building. He is always available for those who need his services by personal call or telephone. He says he likes the fine spirit of cooperation he has found among the Canyon people during his residence here.

James W. Paige, Rochester, N. Y., inventor, spent 20 years and $1,300,000 creating a typesetting, justifying and distributing machine so complex that the patent attorneys who examined it had to be committed to asylums.—Craft-o-Facts.

Few shirts and more coming.

It will pay you to give us a look when you are ready for your winter wearing apparel.

Gamble & Cheatham

An old Londoner was asked if he was not scared when a bad blitz was on.

"No, gov-nor," was the reply, "can't say as I am. Yer see, I count me chances. Jerry—well, he's got to take off all right, 'asn't he? Then he's got to cross the Channel, that ain't too easy for 'im. Then he's got to git by the Coast. Then comes the Thames Estuary, that ain't all he likes. Then comes London—well, he can't miss that; but then he's got to find 'Ammersmith, then Acacia Road, then No. 87, and then most likely, I'll be at the pub."

The sergeant was lecturing new recruits on neatness, and wound up by saying, "And above all, don't spit on the floor."

"Why not?" asked a rear rank rookie. "Does it leak?"

Sheriff of Randall County, Texas

Canning Fruitcake To Send Overseas

Fruit cake is one of the things that practically every service man and woman associates with Christmas at home. It can be prepared by the usual recipe and canned so that it will reach its destination in good condition, where it will bring a piece of the home Christmas dinner to the ones who can not be at home.

Lou Ella Patterson, County Home Demonstration Agent, suggests the following method of canning fruit cake or plum pudding:

1. Use a good recipe for making fruit cake.
2. After the ingredients have been well mixed, the batter should be packed into greased cans.
3. Leave 3-4 to 1 inch headspace at the top of the can.
4. Seal the first roll on the can.
5. To steam in pressure cooker leave pet cock open, or if using water bath do not have so much water that it will boil into cans. Cover waterbath with lid.
6. Let steam 75 minutes for No. 2 cans, 60 for No. 1.
7. Remove from cooker and complete the seal.
8. Process immediately at 12 pounds pressure for 30 minutes.

For plum pudding, prepare thru step seven as same as fruit cake. Process at 12 pounds pressure for 15 minutes.

Modern Business Has Improved

The following rules, vintage of the 1880's, were posted in an Amboy, Illinois store, operated by the founders of what is now called Carson, Pirie, Scott & Co., of Chicago.

1. Store must be open from 6 a. m. to 9 p. m. the year round.
2. Store must be swept; counters, shelves and showcases dusted; lamps trimmed, filled and chimneys cleaned; pens made; doors and windows opened; a pail of water and a bucket of coal brought in before breakfast. (If there is time to do so, attend to customers who call).
3. The store must not be opened on the Sabbath unless necessary and then only for a few minutes.
4. The employee who is in the habit of smoking Spanish cigars, being shaved at the barber's, going to dances and other places of amusement will assuredly give his employer reason to be suspicious of his integrity and honesty.
5. Each employee must pay not less than $5.00 per year to the church, and must attend Sunday school regularly.
6. Men employees are given one evening a week for courting, two if they go to prayer meeting.
7. After 14 hours in the store, the leisure hours should be spent for the most part in reading.

Union Services End Sunday Evening

The last of the summer series of Sunday night union services of the Methodist, Presbyterian and Christian Churches came to a close Sunday night. This meeting was held at the Christian Church with Rev. Joseph Findley preaching the sermon in the absence of the other two pastors.

It is planned to resume the custom of Sunday evening union services of the three churches next summer.

Did you hear of the sad death of a dachshund, who met his end going around a tree?

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of September 4, 1919)

350 teachers from 16 counties are attending the institute this week at the normal.

Members of the grand jury are: G. G. Foster, Emil Schaeffer, I. W. Scott, J. B. Younger, J. T. Service, T. V. Slack, R. G. Oldham, J. M. Craig, J. H. Hensley, A. N. Burgan, O. H. Rahlfs, C. D. Coffee.

W. H. Carr and Miss Beulah Shotwell were married.

J. C. Barnett and L. G. Allen have started work on new houses.

W. C. Black was appointed city marshal and tax collector by the city council when J. C. Rogers resigned.

Congressman Marvin Jones was one of four men in the House to vote against permanently elevating Pershing to the rank of full general.

Randall county will have part in an exhibit to be sent to the Indiana, Kentucky and Tennessee State Fairs, and the Kansas City Soil Products Exposition.

Chamber of Commerce members are sought by a committee composed of T. C. Thompson, C. H. Jarrett, S. B. McClure and Wilford Taylor. Mr. Taylor will call on all business and professional men in Canyon for memberships.

Highland News

The Wildorado and Bushland schools opened Monday morning.

The Farm Bureau plans its next meeting on Friday night, Sept. 15.

Floyd W. Mitchell passed away Aug. 29 at St. Anthony's hospital and was buried Sept. 1 in Llano Cemetery. Mr. Mitchell came to Wildorado in 1908 and opened the first hardware store. He had been in business in Wildorado and wheat farmed except for a few years when he was in the implement business in Vega. The past eight years he has had a grocery store in Wildorado. Another old timer has passed on and will be greatly missed in the community.

Wilda Mitchell arrived here Thursday to attend funeral services for her father. She is a WAVE and stationed in Washington, D. C.

Kenneth Broaddus, Bob Fulton, Charles and Homer Milhoan left Sunday with the Oldham county boys for medical examination in Oklahoma City.

Mr. and Mrs. Elmer Mason called at the Jack Cage and Fuqua homes Friday evening.

Mrs. A. E. Atkins and Mrs. Carl Fuqua called on Mrs. R. J. Sharp Thursday afternoon.

Mrs. Ed Sharp called on Mrs. McVae in Bushland Wednesday.

Mrs. Henry Reese and children, who have been visiting Mrs. Geo. Cook, returned to their home in Richmond, Calif., Tuesday.

Mrs. Elmer Mason and Mrs. Carl Fuqua called on Mrs. Roy Meeks in Bushland Tuesday.

Mr. and Mrs. Carl Fuqua visited in the L. J. Fulton home Saturday evening.

Mr. and Mrs. Arthur Norman of Tucson, Ariz., are visiting friends and relatives in the Wildorado community.

Mrs. Joe Allred is on the sick list.

CARD OF THANKS

We wish to express our sincere thanks to all our friends and neighbors who were so kind and helpful at the death of our husband and father. May God's richest blessings be bestowed upon each of you.

Mrs. J. W. Horn and children.

Teacher: "If there were Mr. Jones, Mrs. Jones and the baby, how many were there?"

Johnny: "There were two and one to carry."

It Does Make a Difference What You Believe

Fundamental Baptist Revival

Conducted by

FRANK A. GODSOE

Pastor Central Baptist Church, Amarillo, Texas.

Services: Sundays 11 a. m. and 8:15 p. m. Week days 8:15 p. m., September 10-24. A Cordial Invitation is extended to all who are not afraid of The Word of God to hear these PREMILLENNIAL-FUNDAMENTAL-PROPHETIC MESSAGES.

First Service Sunday, September 10, 11 A. M.

Johnson Items

Those visiting in the Philip Rickwartz home this week were Mr. and Mrs. Roy Stockett and sons of Tulia, Mr. and Mrs. L. F. Spiser and children and J. J. Bauer of Amarillo, Mrs. Jack Glenn, Mr. and Mrs. E. J. Bauer and daughters.

Mrs. F. H. Bauer and Mrs. E. J. Bauer attended the Legion Auxiliary meeting in the A. J. Greenfield home Friday.

Mrs. F. M. Brazil and Mrs. C. W. Bauer were Amarillo callers Friday.

Mrs. Jack Glenn and children spent Saturday night and Sunday in the E. J. Bauer home.

Carrie and Thelma Bauer spent Saturday night and Sunday with Dora and Louise Tucek of Canyon.

Mrs. Jack Glenn and Ronald called in the F. H. Bauer home Sunday morning.

Mr. and Mrs. C. W. Bauer and Mr. and Mrs. F. H. Bauer were Amarillo callers Saturday.

Mr. and Mrs. C. W. Bauer were business caller in Tulia Wednesday.

Francis Davis spent Saturday night with Elmer Bauer, Jr.

Those visiting in the E. J. Bauer home Sunday were Mr. and Mrs. Roy Stockett and sons and Mr. and Mrs. McNally of Tulia, Mrs. Dudley Smith and Francis of Channing, Mr. and Mrs. C. W. Bauer, Mrs. Paul Goettsch and Julius and Francis Davis.

Rev. and Mrs. Moehring and children of Lockney were supper guests in the E. J. Bauer home Sunday.

Lions Club Meetings Are Cancelled

The Lions Club did not meet this week and will not meet next week owing to the college vacation.

Rev. Joe Findley, member of the club, went to Memphis Tuesday where he spoke at the luncheon of the Rotary Club. He was pastor of the Christian Church in Memphis before coming to the local church.

Host: Talking about Africa reminds me of the time—

Bored Guest: My goodness, you're quite right! I had no idea it was so late. See you later.

CANYON TAILORING CO.

A Switch in Time saved Mine...

My wife wasn't all joking.

She said that a real new car improvement would be to go easing sideways, right into a cramped parking space at the curb. I said yes—maybe in 1960. There's one swell improvement though, that's here *already!*—an OIL-PLATED engine! You get that immediately by switching to Conoco N*th* motor oil. I don't say it's the *only* oil; they're not hiring me. But I had this engine OIL-PLATED around 1941. It's still running like a darb, using Conoco N*th* oil all the while, to cut down damage from engine acids. If I know what I've read all through this War, the acids made by every engine are liable to cause corrosion inside. That's bad. But acids don't like OIL-PLATING—can't gnaw right through it. It's fastened real close or sort of *plated* onto working parts that you've got to protect till your new car comes. And even then you'll want the engine OIL-PLATED with Conoco N*th* oil, the same as in the car you've got right now.

CONOCO N*th* MOTOR OIL

TODAY, with material for replacements scarce and expensive, it is very important that you maintain the best care in safeguarding your property.

Through this Hartford agency you can receive valuable assistance and information in regard to eliminating any hazards and preventing fires. No obligation — just part of our service.

Approaching Marriage Miss Natalie Flesher to Ensign Russell Announced

Mr. and Mrs. Charles R. Flesher announced the engagement and approaching marriage of their daughter, Clara Natalie, to Ensign Oliver Lee Russell of the U. S. Naval Air Station, Norman, Oklahoma, son of Mr. and Mrs. O. E. Russell of Weston, Colo., at a coffee given at their home, 1100 6th Ave., this morning.

Mrs. Ed Harrell greeted the guests at the door and presented them to the receiving line which included Mrs. Flesher and Miss Flesher. Guests were shown into the dining room by Mrs. J. J. Walker. Mrs. Chas. P. Stephenson and Mrs. W. J. Flesher of Amarillo, aunts of Miss Flesher, presided at the refreshment table. They were assisted by Miss Fay Plaster and Mrs. Howard C. Brewster. Mrs. Arthur C. Haley was in charge of the guest register.

The approaching marriage was announced by the centerpiece on the buffet. On a large, gold heart was the picture of each and names "Natalie and Lee, Sept. 9."

During the morning 50 guests were served from the lace covered coffee table.

Mrs. Bill Money, daughter and son have returned from Houston and Galveston where they spent a month with the husband and father, Bill Money, Seaman 2-C. He has been shipped to the Pacific area. They are living at the parental W. J. Hinkle home. While in Houston they stayed with Mrs. Money's brother, Lieut. Olin E. Hinkle.

Mrs. Will Reader, mother of Mrs. A. D. Prater left Tuesday to return to her home in Dallas after having spent two weeks with her daughter and family.

Miss Juanita Anderson is the new assistant at Cooper's "M" System.

CENTERVIEW H. D. CLUB HAS ACHIEVEMENT DAY

Centerview Home Demonstration Club had Achievement Day, Sept. 1 in the home of its poultry demonstrator, Mrs. J. W. Wesley, with the club president, Mrs. Dell Zachery, presiding.

Roll call was answered by each of the eleven club members giving her favorite chicken recipe. Reports were given on the activities of the club.

Mrs. Sharpes gave an interesting talk on the breeding and type of chickens. Chickens should be of good reliable stock and for best results in egg production they should be a small type. Mrs. Hollis Shipman reported that chickens, like humans, need clean quarters. To free chicken house of mites one should mix one gallon crude oil with one pint carbolic acid then spread this mixture on roosts as needed. To rid hens of body lice dust each hen with sodium floride.

Mrs. Dell Zachery gave a good canned chicken recipe.

Mrs. Wesley, in her report as demonstrator for the club for a period of nine months, gave the following data: chickens raised, 130; laying hens on Jan. 1, 557; fryers eaten, 26; pullets added to flock, 45; eggs sold, 886 doz. Value of these items, $1069.20; eggs used at home, 171 doz.; chickens canned, 8; subtraction of the cost of feed left total of $343.75.

Mrs. Wesley concluded her report by saying, "I have enjoyed working in the Home Demonstration Club work the past 12 years. I have learned much that I did not know and have learned better ways of doing many things that I thought I knew. I appreciate very much my fellow club members' thinking I was capable of being demonstrator and with the help of my husband have done the best that I could."

The following is the report for the cooperators in the club: chickens raised, 2,805; laying hens on Jan. 1, 2,473; pullets added, 1,390; fryers sold, 516, value $485.55; fryers eaten, 436, value, $388.00; eggs sold 19,221 doz., value $4,965.92; eggs used 1,230 doz., value $368.81; feeders added 9, water troughs 7, butane brooders 1; chickens canned 39; chickens in locker 161.

Molded chicken salad, ritz crackers, cookies and punch were served to the following: visitors, Mrs. Harry Folk, Frank Rogers, Evelyn, Fayerene and Anna Belle Schaeffer, Mrs. Howard Slack, Charles Wilson, J. W. Wesley, Barbra Zachery, Doyle Jean, Nan Earle and Jerry Shipman, Darrell Wilson, Etta Jean Sharpes, Gloria June Slack, Arlen Ray Wesley.

Members, Mrs. E. W. Schaeffer, Mrs. Hollis Shipman, Mrs. Dell Zachery, Mrs. A. E. Wise, Mrs. Charley Bauer, Mrs. F. M. Brazil, Mrs. S. F. Sharpes, Mrs. E. M. Wilson, Mrs. G. E. Wesley, Miss Lou Ella Patterson and the hostess.

The next meeting will be with Mrs. A. E. Wise, Friday, Sept. 15 at 3 o'clock.

MRS. WATKINS HOSTESS FOR GREEN HAVEN ACHIEVEMENT

The Green Haven H. D. Club met on Monday afternoon, Sept. 4, in the home of Mrs. C. S. Watkins, Jr. The meeting opened with Mrs. Geo. Ross, president, presiding. Several committee reports were given. The program was on "Poultry Achievement" with Mrs. Watkins giving a very interesting report on her poultry achievement as club demonstrator.

Mrs. J. C. Arden also gave a report on housing and sanitation in relation to successful poultry raising.

A refreshment plate was served to three guests, Mrs. S. G. Elliott, Mrs. L. S. Johnston and Mrs. Upchurch, and the following members: Mesdames Jack Carr, Bill Burrell, Marion Bruce, Sid Carter, C. S. Watkins, Jr., Geo. Ross, C. M. Purcell, J. C. Arden, Jack Cage and the demonstrator, Miss Lou Ella Patterson.

The next meeting will be on Monday afternoon, Sept. 18, in the home of Mrs. Geo. Prostman at 1:30 o'clock.

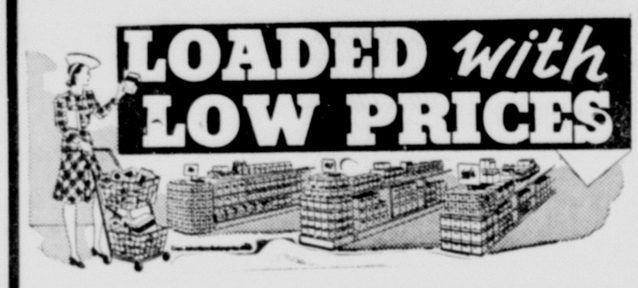
HOME DEMONSTRATION MEET SEPTEMBER 2

Council met September 2 in the council room. There were 17 members, three visitors and the demonstrator present. Three members of the Park 4-H Club, Ila Dee Park, Laura Ruth Thurmon, Martha Ann Bennett, sang two songs. Ila Lee Park told the council about the recent 4-H training encampment.

The exhibit committee planned an egg exhibit to be held on October 7, the next regular meeting of the council. There will be a covered dish luncheon at 12 o'clock. Every club member is asked to come and bring a dozen eggs to be judged and also several containers of canned food to display.

Mrs. G. R. Cox and daughter, Ruth, spent the past week end in Roswell and Ruidosa where they were guests of Mr. and Mrs. Jack Cox and Carolyn Kay.

T-5 Odell G. Miller has just been promoted to that rank from the rank of private, according to word received by his wife. He is stationed in Louisiana.



IT IS proper to point to these NO-POINT, LOW POINT FOOD VALUES because they show the way to more varied menus . . . to better eating . . . at a lower cost in points and dollars. Whether you must S-T-R-E-T-C-H your ration book or your pocketbook, you'll do it more easily, quickly and economically at COOPER'S "M" SYSTEM. We've ample variety of fine quality foods in every one of our departments — and our daily low prices make savings a certainty! Seeing is believing—and you'll see plenty of proof in these values.

PIPE DREAM

GRAHAM-SPISER RITES READ AT EL MONTE, CALIFORNIA

The double ring ceremony of Miss Virginia Graham and Frederick J. Spiser was solemnized Saturday, Aug. 26 at 8 p. m. at El Monte, Calif., in the home of the Lutheran minister, Rev. Henry Elfman, who read the marriage vows.

Mrs. Spiser is the daughter of Mrs. Henry Martin of El Monte, and Frederick, formerly of Happy, is the son of Mr. and Mrs. L. F. Spiser of near Amarillo. He is with the U. S. N. R. and is stationed at San Pedro, after seeing two years of combat, awaiting the commissioning of a new ship.

They will make their home at Long Beach for the present.

Mrs. J. W. Bourn, Mrs. Fairy Hill and son, Steve, and Miss Sue Jennings went to Waco Friday to attend the Kincannon family reunion. This reunion is an annual affair and is attended by approximately 150 people.

Misses Belle and Olive Schramm spent the week end at the home of their sister, Mrs. Earl Crist, in Albuquerque. Their nephew, Earl Crist, Jr., returned home with them to spend a few days. He is on sick leave from the navy for 30 days.

John Spencer Pullin, Jr., who is a student at Schreiner Institute, Kerrville, is spending a between terms vacation in the homes of his grandfather, J. C. Dowd, and his aunt, Mrs. Mark Foster.

Bill Davis and James Rigsby are off duty from J. J. Walker Drug Co. and Cooper's "M" System to enjoy a brief vacation in Carlsbad and other points in New Mexico.

Mr. and Mrs. John Nobles and family visited in Ralls Sunday with his mother, Mrs. Carl Nobles, who returned with them for a visit in Canyon.

Mr. and Mrs. William Strain and family of El Paso are visiting at the parental H. S. Strain home. He is a teacher in the School of Mines.

J. J. Bauer is making his home with his daughter, Mrs. L. F. Spiser, near Amarillo. Mr. Bauer hopes his many friends will visit him there.

Shirley Talked at Rotary Luncheon on Tuesday Noon

Doug Shirley was in charge of the Rotary Club program Tuesday. He read from a number of clippings which he had collected during the past years. The serious readings were interspersed with jokes which he had gathered in recent weeks.

The luncheon was prepared by Ray Campbell and Mrs. Allan Farlow, and was served by volunteers from the club.

Visitors were: Roy Kelley of Amarillo; Wm. Strain of El Paso; Rev. Edward Kirby and Bob Lindsey of Borger; Dr. T. M. Moore of Canyon.

Dr. Will C. House at Methodist Church

Dr. Will C. House, district superintendent of the Methodist Church, will preach Sunday morning at the Methodist Church.

The pastor, Rev. C. C. Armstrong, is recovering in a satisfactory manner from an operation for hernia which was performed last week at an Amarillo hospital.

Governor Coke R. Stevenson Called to Washington

President Roosevelt has called Governor Coke R. Stevenson to Washington. The Governor would not reveal the nature of the call, but it is believed that the Governor will discuss the Texas political muddle with the President.

The Democratic State Convention meets in Dallas next Tuesday, and the President will probably have some plan to assist the Governor in ironing out the present hard feelings between the two groups in Texas. Stevenson has presented a plan, but it was rejected by the pro-Roosevelt faction.

Sgt. Carl Prichard from Stockton Field, California, is on a 15-day furlough in the parental E. W. Prichard home.

Wayne Wirt is in Navy boot training at Great Lakes Training Center, Chicago, Ill., after being inducted into the armed services August 31.

Elbert Robinson spent Friday to Monday on a business trip to Canadian where he visited at the home of two daughters.

W. J. Hinkle is confined to his bed. He has been sick for several months, but improves at times so he can be up and around his home.

Mrs. Joe Cox left Tuesday for Sherman to visit her mother, Mrs. L. R. Kersey.

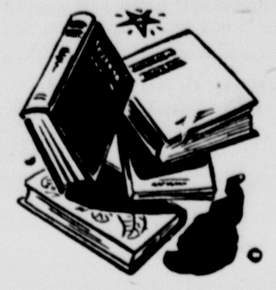
BUY BOOKS



Investigation shows that books will become more and more scarce as the war continues. This means that those who buy books should contemplate their needs and place orders early.

Children Books

We have the largest stock of children's books that we have ever shown. There is no stock in the Southwest as complete as this department. But these books will not last long.

We advise that you buy your winter books soon, especially books for Christmas gifts.

It is time for Christmas buying and no gift is as appropriate as a good book.

WARWICK'S

We invite you to see our large stock of appropriate gifts of all kinds. It will soon be time to ship your gifts overseas to the men in Service.

The name Illinois is a combination of Indian and French words meaning "band of men."

Habit is a cable; we weave a thread of it each day, and at last we cannot break it.

Indispensable crepe rayon that is always ready to go anywhere. Simple, yet eloquent with Nelly Don's impeccable tailoring. Fly-front . . . flowered trapunto trim. Green and black, 12-42; black only, 16½-22½.

Ambulance Service Phone 98 — 113

Red Cross Clears Out All Material Closed 2 Weeks

For the first time in three years the Red Cross Work Room has been closed for two consecutive weeks. Why? This is the first time that all material on hand has been work and sent in to headquarters.

Canyon has received high commendation from headquarters for the large quotas of work done by so small a unit. 1026 kit bags alone have been made here. This unit has been asked to accept and has accepted another quota of these bags. When material arrives, a notice will be given and it is hoped that the same willing response will be made by workers. Don't let that soldier down!

Dr. and Mrs. Moore Have Returned to West Texas State

Dr. and Mrs. T. M. Moore returned Monday from Ames, Iowa, where Dr. Moore received his Ph. D. degree from Iowa State College.

Dr. Moore will resume his position in West Texts State in the Department of Agriculture. They will have charge of Stafford Hall for the coming year.

Their son, T. M. Moore, Jr., remained in Ames to attend college.

S-Sgt. T. S. Stevenson and Nell Stevenson, WASP, will arrive tomorrow for furlough visits in the parental T. S. Stevenson, Sr. home.

Mrs. Leslie Key and daughter, Sylvia, visited in the B. O. Hood home at Bivens Station last week.

Robot Bomb Victim Dug Out Alive

A FEW MINUTES AFTER a robot bomb had exploded in this row of houses "somewhere in southern England," civil defense workers—including women—were on the spot to save lives, quench fires, clear wreckage, restore any essential services damaged. This was the result of only one of the 5340 robot bombs launched by the Germans up to August 2. The woman was dug out of the wreckage and is shown being carried to an ambulance over the remains of her home.

Dr. S. H. Condron is at Hot Springs, N. M., to spend a few days.

Mr. and Mrs. F. E. Savage are on a visit with their son at Denver.

Sixty School Men Met Thursday at West Texas State

L. A. Woods, State Superintendent of Public Instruction, and E. H. Boulter, Deputy Superintendent for this district, were in Canyon last Thursday at a meeting of the superintendents of this area. It was stated that the main purpose of the meeting was to be the consideration of salary and transportation problems confronting the schools.

Superintendent H. A. Wallace of Happy presided at the business session at which Supts. J. B. Speer of Canyon, I. H. Turney of Tulia, Chas. M. Rogers of Amarillo and Dr. Woods were speakers.

Mr. Rogers represented the State Teachers Association and outlined the purposes of the organization for the next year.

Supt. Woods spoke at some length on the difficulties of administering the state department of education under the present set-up and outlining his ideas of a unified state school administration.

The State officials were guests of the Canyon Chamber of Commerce at a luncheon at Cousins Hall.

About sixty school officials were in Canyon for the day's business.

Pal Sgt. Prichard In Italy Writes To His Mother

Mrs. E. W. Prichard is the recipient of a letter from Cpl. Charles W. Stimson, a comrade of her son, Sgt. Joe Prichard. The two soldiers had been together in all the Italian campaign. Sgt. Prichard was still in Italy directing trucks for his battalion, doing a swell job, feeling fine, and looking very much the same as ever when Cpl. Stimson was returned to the United States to recuperate from wounds received at Salerno.

Miss Ruth Cox left Thursday for Lubbock where she will teach in the elementary schools.

American Legion Groups to Have Supper Monday

Monday night members of the Palo Duro Post of the American Legion and the American Legion Auxiliary will have a covered dish supper at 8 o'clock at the Legion Hall. Following the supper, each unit will hold its regular monthly meeting.

It is the plan of the units to have some type of union meeting each second Monday night with the individual business meetings preceding or following the union meeting.

If you are eligible for membership in either the Legion or Auxiliary, bring a covered dish Monday night and join up with other veterans.

All veterans of World War II are given a cordial invitation to come too.

Youth Convention Held at Dallas

Rev. Joseph Findley returned Saturday night from Dallas where he attended the Youth Convention of the Christian Church. Delegates to the convention were representatives of the various churches of the state, and all were under 25 years of age.

The convention was impressive in the business methods adopted by the delegates, and this system will be continued, stated Rev. Findley.

Rev. Findley had been called two weeks ago to the bedside of his mother in Marshall, whom he left much improved.

Mrs. E. I. Boyce will return today from Kingsport, Tenn., where she visited a sister and Brownstown, Ill., where she vicited other relatives. Mrs. Patke and Mrs. Bechtold will return to work with their mother on Monday after having vacationed this week.

Pvt. C. C. Shelnutt is home from Camp Meade because of the illness of his wife.

Mrs. Ray Crowder of Clovis, N. M., spent the week end in the parental W. I. Wester home.

Mrs. J. M. Patterson of El Sequendo, Calif., is visiting old friends in Canyon.

Mrs. Perlina Boyd of Phillips, Miss., is visiting her sister, Mrs. J. W. Horn.

Misses Lucille Cladwell and Alice Wilson from Slaton visited Miss Jean Prater last week.

Miss Martha Lee Foster is at the parental Mark Foster home on vacation.

Mr. and Mrs. J. A. Harris visited their daughter in Liberal and Dodge City, Kansas last week.

Miss Darthula Walker is home from a hospital in Amarillo where she underwent an operation.

Miss Isabel Robinson returned the first of the week from having spent the summer with her parents.

W. L. Vaughan left Monday for Oklahoma City where he will spend two weeks.

Mrs. R. T. McDaniel left Tuesday to begin her training in the Waves.

Some people don't know what they want and won't rest until they get it.

A good speech has a good beginning and and a good ending, close together.

Perry, Maine, is exactly half way between the North Pole and the Equator.

Massachusetts is an Indian name meaning "at the Great (Blue) Hills."

Dr. A. Kirk Knott has joined his family in Colorado where they have been vacationing for some time.

Dr. Mattie Swayne has returned from a visit in Central Texas.

BUY ANOTHER WAR BOND!

Thanks to Your Waste Paper!

From a Ninth Air Force Service Command Unit, European theater of operations: "Your home-town newspaper may be in this mountain of cardboard-boxed candy, gum, and soap stacked in a warehouse supplying the Ninth Air Force Service Command in the European theater of operations. Without waste paper for the manufacture of cardboard boxes and containers—our enormous shipments of food and war matériel might have had to be curtailed. Even the casings protecting explosive shells on their overseas crossing are made out of your waste paper. So don't relax 1 second in home-front salvaging. Save that paper and be sure it's drafted for war service."

NEEDED

BOTH MEN AND WOMEN

Chemical Engineers, Chemists, and Apprentice Chemists. Essential Industry in Aviation Gasoline Production.

No More Food Rationing!

Yeah, we are just dreaming folks. Just as we pause sometime to think how wonderful it would be if the war was over, our boys back home and everything was quiet and peaceful. It's nice to think about but not if we assume the attitude that the war is just about over and become unmindful of our part in winning it. If we do that it will prolong the war.

But, IF there were no more rationing of food we can think of a lot of things we'd do right off the bat.

We'd call our customers and tell them what a big variety of quality foods we have on hand and invite them to let us have their order.

And if gasoline restriction were over and tires were available, we'd say "Yes, ma'am, we'll deliver it to your house in a few minutes."

It would be nice just to have the time to "visit" with our customers and tell them just how much we appreciated their business back during the war when we were too busy to tell them about it.

And how swell it would be just to present your bill at the first of the month and toss in a bag full of candy when you pay it. Candy today is a lot harder to get than credit customers.

But it's all a pipe dream, folks, until this war is over and things get back to normal. Until then we'll do the best we can to keep you supplied with the best foods available and try to remember to show our appreciation of your business.

Bellah's Food Store

Phone 80 **West Side Square**

Can you remember away back when a fellow was embarrassed if his shirttail showed in public?

Maybe it would be best, anyhow for the Russians to get to Berlin first. Otherwise, some smart American criminal lawyer might get Hitler out on a habeas corpus. Whereas the Russions will just make a corpse out of him.

Feats rivalling those of the legendary negro giant, "John Henry," are performed by negro workers in the pulpwood industry of Montgomery County. A log weighing as much as 450 pounds and requiring five men to pick up and place in position is carried on one shoulder by a loader, who runs up the incline into the railroad car. He knows how to pace himself to get the benefit of the spring of the incline and he keeps his rhythm by singing.

These and other interesting facts were learned recently in talking to Reagan Smith of Conroe, highly active in the timber business.

Though famous for its oil fields, Montgomery County is still an important timber region. Pulpwood, shipped to Houston to be made into the finest grades of paper, will fill an average of 300 cars a month. Probably 600 men are employed at this work in the county, not including farmers who do seasonal cutting.

And machinery still plays second fiddle when it comes to making a cross tie. A hewn tie will outlast a sawed one by years. One company in Montgomery County will turn out as high as 20,000 cross-ties in a heavy month. A worker can make, on an average, from 12 to 20 ties a day, depending of course upon the man. He receives about 50 cents per tie. Using only an ax, the worker is such an artist that, on a properly-hewn tie, you can run your hand over one without encountering a splinter.

Public speakers might keep in mind the old recipe for baked 'possum. The receipt begins: "First catch your 'possum." So a public speaker first should have something to say. Then he should say it and then he should stop.

As someone said, "Stand up, so folks will see you; speak up, so they will hear you; and shut up, so they will like you."

A good speech is like a rabbit's tail—short; and not like a cat's tail, which is "fur to the end."

Fairview Breezes

This vicinity is needing rain.

Neighbors and friends of Mr. and Mrs. G. E. Wesley surprised them with a basket lunch to honor their anniversary Sunday.

Mr. and Mrs. J. W. Wesley took Arlen Ray to Lubbock Sunday. He will stay with an aunt, Mrs. D. L. Whitson, and attend school there.

Charles Wilson accompanied Arlen Ray Wesley to Lubbock. He returned with Mr. Wesley. Mrs. Wesley remained in Lubbock for a few days visit.

Mrs. H. C. Evans left Saturday for Arkansas, where she will visit relatives.

The G. E. Wesleys gave a party for the community Tuesday night. Pop and cookies were served to a large crowd.

Florene Evans accompanied Mr. and Mrs. Artie Pearson on a vacation trip to Colorado.

Relatives and friends of the E. W. Schaeffer family from Happy visited them Sunday.

Fayerene Schaeffer and Laverne Amerson moved to Plainview Monday to attend Lipperts Business College.

A number of Fairview people enjoyed a party in the Kenny McCasland home Friday night.

Mr. and Mrs. Robert Pitman and daughters spent the week end in the parental C. L. Wesley home.

Mrs. Wade from Hereford is visiting Mrs. C. M. Rogers. She is an old-time friend from Grapevine, Texas.

Mr. and Mrs. Harry Folk left Saturday night for Seminole, where they will visit his mother, who is very ill.

We are sorry to lose Bro. James as our preacher. He has moved to San Angelo for his wife's health.

Palo Duro News

Miss Phyllis Albers spent last week end in Vernon visiting friends.

Guests in the Henry Miller home August 27 included Mr. and Mrs. Geo. Albers and Bob, Mrs. Adolph Kampen, Sgt. Elton Donabauer, and Pvt. Harlan Werner.

Miss Barbara Michael returned last Sunday from Dumas where she visited Mr. and Mrs. Lawrence Brotherton with their family spent Sunday in the E. A. Michael home. The Brothertons have now moved to Gruver where Mr. Brotherton is superintendent of schools.

Cpl. Herbert Kuhlman spent several days last week in the parental Herman Kuhlman home. He returned Sunday to Dodge City, Kans.

Alan Albers spent several days this week in the parental E. H. Albers home.

Happy Young Fiancee: Darling, when we are married I am going to cook and darn all your socks.

He: Oh, that won't be necessary, dear. Just darn them.

Too many mothers are not on spanking terms with their children.

Peg Moreland One Of Radio Stars; Was Canyon Boy

Dallas News: From being justice of the peace at Canyon, Texas, to becoming the Burl Ives or John Jacob Niles of Radio Stations WFAA and KGKO is the saga of Peg Moreland, ditty singer par excellence who regales you lyrically a score or more times each week on the radio. Moreland, who often sings that "they all had a finger in the pie," Wednesday will have his finger, his guitar and himself on two broadcasts, the Early Birds (WFAA, 7:05 a. m.) and the Texas Prairie Boys (KGKO, 1:05 p. m.)

Back in 1921 when Moreland campaigned successfully with his guitar and ditty singing for the office of justice of the peace, entertainment with politics was a newfangled idea. In recent years it practically has become a prerequisite to run for office.

His hobby of accompanying himself on the guitar as he sang ditties with mirth-provoking lyrics got him on WFAA professionally in 1925, when he appeared on two Saturday night programs. He wasn't heard again until 1926 because the card bearing his name and address was lost and no one around the radio station could remember the name of the ditty singer who had drawn so much mail with two broadcasts. But when he was located, he became a regular performer on WFAA.

Known as the king of the ditty singers, Moreland has become a star performer on the Early Birds, the Texas Prairie Boys, and the Crossroads Party. Emcee Jimmie Jefferies refers to him on Early Bird broadcasts as Rudy because of his swoon-crooning while on the Crossroads Party, heard Thursday nights on KGKO, he is called "the Caruso of the Car Barns."

He estimates that he knows by memory more than a thousand songs. Of this number, Moreland will regale you lyrically Wednesday with the High Cost of Living and The Cowboy's Dream on the Early Birds and Never Leave Your Gal Too Long and Tears on My Pillow for the Prairie Boys broadcast.

When you meet up with a disagreeable person, never allow yourself to be upset by him. Say to yourself, "If a guy like that can stand himself all his life, surely I can stand him for a few minutes."

One contented with what he has done, stands but small chance of becoming famous for what he will do. He has laid down to die. The grass is already growing over him. —Bovee.

No. 165501 (jumping up in rage after prison movie show): D*$%it, a serial, and I'm going to be hung next week.

V-NEWS

"Make it over, wear it out, make it do, or go without." This bit of advice is always good but especially is it applicable today. To supplement the necessary new garments secured for the approaching school term, why not go through the clothes hanging at the back of the closet or stored away in boxes: those things that are too good to throw away, ones you've always meant to do something with, but just haven't gotten around to. Undoubtedly you will find garments with material of a superior quality which, if renovated, would find a useful place in the wardrobe.

To avoid unsatisfactory results, examine the garment carefully to determine whether it is actually good enough to warrant the time and effort involved in its renovation. Study the shape of the pieces and visualize the possibilities: if the skirt is in small gores, very little can be done toward restyling. Next, rip- do not cut- the garment completely apart; a half way job will make the finished product look amateurish. A good cleaning should follow; even woolens may be brightened by a careful laundering. If the color is faded or otherwise unsatisfactory, try dying following to the letter the directions on the envelope or box. Only after these things are done should the actual construction of the garment be undertaken. Cut cautiously being very careful to keep the grain line straight. Sew as neatly as you would if the material were new, press as you finish each construction process, and a garment that you will be proud of will be yours.

William Allan White, noted Kansas editor, who died recently, had a grand motto. It was, "I am not afraid of tomorrow, for I have seen yesterday and I love today."

Husband: Darling, what's wrong? Why the bandage over your eye?

Wife: Don't be smart. That's a new hat.

Over seven hundred thousand manufactured items are shipped overseas to the fighting front in paper.

Gal's Pop: "Did I hear the clock strike three when you left here last night?

Sailor: "Yes, Sir. It was going to strike eleven, but I stopped it so it wouldn't wake you up."

To cure yourself of the tobacco habit, marry a girl who objects to smoking—provided you can find one.

Alabama is a Creek Indian word meaning "place to rest."

THE STATE OF TEXAS
COUNTY OF RANDALL

To: Walter T. P. Allen, Genevieve Allen and the heirs and legal representatives of said Walter T. P. Allen and Genevieve Allen, Defendants, and all other proper persons, including all record lein holders, owning or claiming, or both, any interest in the land or lot hereinafter described, same being delinquent for taxes to plaintiff herein and to the State of Texas and the City of Amarillo, Texas, taxing units in said State herein impleaded by plaintiff.

And you are commanded to be and appear before the 47th District Court of Randall County, Texas, at the next regular term thereof, to be held at the Courthouse of said County, in the City of Canyon, Texas, on the first Monday in October, 1944, the same being the 2nd day of October, 1944, to plead and answer Plaintiff's Petition filed in said court on the 29th day of August, 1944, together with pleas of intervention and claims now on file or hereafter filed in said cause by all other parties therein, in a certain suit No. 455-T in which Amarillo Independent School District is Plaintiff, and Walter T. P. Allen and his wife, Genevieve Allen, the heirs and legal representatives of said Walter T. P. Allen and Genevieve Allen, the State of Texas and the City of Amarillo, Texas are defendants, and then and there to show cause why judgment should not be rendered against you, and said land or lot sold under foreclosure of lien to satisfy the following taxes being delinquent against said property, to wit:

Lot Six in Block One Hundred Ten of Mrs. M. D. Oliver-Eakle Addition to Amarillo in Randall County, Texas, which is delinquent for taxes due plaintiff in the sum of $17.88 exclusive of interest, penalties and costs for the years 1940 to 1943 inclusive together with all interest, penalties and costs allowed by law.

Given under my hand and Seal of said Court, at Office in Canyon, Texas, in the County of Randall this 29 day of August, A. D. 1944.

(Seal) A. B. HOLT,
Clerk District Court
Randall County, Texas

This Is What War Bonds Do

THEY give every American at home a personal weapon against the Axis.

They tell our boys in France and Italy, in Asia and the Pacific what these boys most want to hear . . . that we're behind them!

They make our country strong, not only for the purchase of weapons today but also to maintain and increase the productivity of our farms tomorrow.

Each Bond you buy forms a financial reserve which is indispensable to the efficient and profitable operation of your farm. Make it a rule to put into War Bonds a good percentage of every dollar you take in.

When those Bonds mature, they will be worth many times the effort it took to buy them. For they will mean new and more efficient equipment, the ability to buy advantageously, the means of financing crops, assured education for the children . . . and a means of retirement when you turn that farm over to the boys!

So, Buy Bonds . . . with every dollar you can muster! Uncle Sam needs the money now . . . you'll need it later!

5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED . . . NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he *must* have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently at a future date to replace and repair farm equipment, machinery, and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy . . . from bank, post office, rural mail carriet or Production Credit Association.

For America's Future, for *your* Future, for your children's Future

Keep Backing 'em Up-WITH WAR BONDS!

OPA HELPS DAD GET NEW FELT HAT

The Office of Price Administration considered the problems attendant upon the production of Dad's new Fedora and has come up with a solution: A new price regulation covering Australian and New Zealand Rabbit Skins and Hatters' fur cut from these imported skins, has been issued by OPA. Recently, sellers of Hatters' Fur have been forced to curtail their sales and production because of the abnormally high prices in the foreign market for rabbit skins. While the new Hatters' Fur prices do not lower the general level of Hatters' Fur prices previously in effect, hat manufacturers will be able to buy raw skins at lower prices or to buy a larger percentage of their requirements of Hatters' Fur from cutters at the March 1942 level of ceiling prices.

FEW NEW "DOWN UNDER" HOMES

Melbourne, Australia, has a population of 1,076,000. In 1940, home building in this city was valued at $21,00,000. Last year, because of shortages of labor and material, home building expenditures totaled $39,000; about enough for 12 six-room houses. To help meet the acute shortage in housing which will have to be faced after the war, the Victorian State Housing Commission has drafted a five-year program, providing for 50,000 houses at an estimate cost of $150.000,000.

118-POUND HAMMER FORGER IS CHAMP

The champion forger at a Chester, Pa., chain and forge plant is a 70 year old man who weighs 118 pounds. This man is making records in open hammer forging, one of the heaviest of operations. Frail men and women are doing good work in foundries, particularly where little or no brawn is required. And they are sticking to their jobs, the War Manpower Commission reports. More forge and foundry workers are urgently needed in the industry.

MINE "ICE BOX" TO BEGIN WORK

The first shipments of food to be stored in the Atchison, Kansas, mine converted into a huge cold storage warehouse, are ready for moving the War Food Administration reports. The new storehouse is located about two miles from Atchison and will provide storage space for a wide variety of Agricultural products.

SHIPPING RECORDS SET IN 1944

Having moved almost 27,000,000 long tons of dry cargo out of the United States during the first six months of 1944, American Ship operators stand to surpass their record of 47,000,000 tons handled in 1943, the War Shipping Administration said today as it furthered plans to honor operators and others engaged in Maritime operations on Victory Fleet Day, September 27. In the first six months of 1944 some 9.3 million long tons of petroleum products were moved out, compared to 6.7 million in the first half of 1943.

TSK; TSK; WE'RE LOSING THE WAR!

Germany's supreme optimist and Goebbels' prize pupil turned up in a prison camp where an Aussie stood guard. The Nazi was invited to listen to radio news reports, the Australian News and Information Bureau says. The news the Nazi heard was strictly wonderful. This was his report to his fellow prisoners: "In 1940 we overwhelmed and defeated the British, but most of them got away through Dunkerque. The Fuehrer has allowed them to land in France again. This time they shall not escape.

SHOE STAMPS GOOD INDEFINITELY

Removal of time limitations that restrict the use of special shoe stamps is announced by OPA. The new provisions apply to all special shoe stamps, except that those issued to Mexican Border residents must still be used by Consumers within 30 days. Previously, some special shoe stamps; such as those issued as extra rations; had to be used within time limits. The provisions affect only special shoe stamps and in no way inyolve the validity of regular war ration shoe stamps, either for consumer or trade use.

CAR RESERVES NEAR VANISHING POINT

There are only 20,000 new passenger cars in the country today, OPA announces. The quota of new passenger automobiles available for rationing in September will be 3,000 with another 300 as regional and 300 as national emergency reserves. This is the smallest quota since passenger car rationing began, and a 40 per cent cut from the August quota of 5,000. The new September quota is less than 8 per cent of the September 1943 quota of 40,600 cars.

FOOD CAN BE BAD FOR MORALE; GOERING

The Nazis have apparently discovered that food can be bad for public morale, especially if it has aspects of exhibitionism. Reichs Marshal Hermann Goering's newspaper, the Essenger National Zietung is aware of these dangers and reports in an article obtained by the Office of War Information: "It must be considered bad taste to publicly eat a ham sandwich whose origin is generally suspicious even if nothing illegal can be proved." The eating of fresh fruit in public, now that fruit is "also very scarce" was cited as another instance of bad taste. Nazis are also told that Germans may also become resentful if they observe fellow citizens "strutting along with fat cigars."

DRY CELL BATTERY PRODUCTION GROWS

Progress by the dry cell battery industry in its renewed effort to increase production was reported by Army and WPB Representatives at a recent meeting. At the same time, the industry was urged to spare no effort in effecting further increases, since production is still about 28% below minimum military and civilian requirements. Over-all production in July was about 170,000,000 cells as compared with average monthly production of slightly less than 73,000,000 cells in 1940. August reports are expected by WPB to show a greater increase, reflecting further expansion in plant facilities.

OPA LIMITS SECURITY DEPOSITS

From now on landlords may not ask for more than a month's rent in advance in addition to the security deposit (if any) which may be asked of prospective tenants. In other words, a tenant may leave a security deposit, not to exceed ten dollars, for the landlord's use to provide for the recovery of such movable objects as keys or ice trays. But over and above that the tenant may not give more than a month's advance payment of rent. "The action was taken," OPA said, "to prevent use of security deposits as a means of evading rent control." In some cases, the agency said, landlords have been requiring advance payment or six months' or even one year's rent. Even where a tenant does occupy rented quarters long enough to use up his prepayment of rent, OPA believes that necessity for making these payments imposes an unwarranted burden on the tenant.

INDUSTRY NEEDS 250,000 WORKERS

With cotton textile production lagging, the industry has been faced since May 1 with a need for hiring nearly a quarter of a million workers by November 1, in order to expand its output to meet fully the estimated demands for cotton products, the War Manpower Commission says. As yet, WMC said, only a small number of cotton textile plants have made manpower utilization surveys or sought this service in order to determine the specific causes of labor turnover.

ROUND-UP

OPA says: If you smoke imported cigars, you will be glad to learn that dollar-and-cent ceiling prices for importers, and wholesalers, and at retail for practically all brands have been established. . . . Consumer prices on Swiss Cheese are being reduced nationally by an approximate average of three cents a pound, while the price at the factory level for the product is being increased by an estimated weighted average of 3¼ cents a pound, thru a reduction of more than 6 cents a pound at the wholesale distributive levels. . . . Authority for all retailers of meat to pre-cube steaks from top or bottom rounds of utility and cutter and canner grades of beef has been granted. . . . Rationing controls have been removed from spiced green tomatoes. . . . A new regulation providing specific dollar-and-cent ceiling prices for milling and kiln drying services on Northeastern Softwood lumber, when performed on a custom basis, has been announced. . . . Several changes in F. O. B. shipping point ceiling prices for fresh peaches produced in Montana, Wyoming, Utah, Colorado and New Mexico have been set up under amendment 54 to MPR 426.

USDA says: Our dominant aims with respect to agricultural policy after the War should be, according to Secretary Wickard; full production at maximum efficiency, equal living standards for farm and city families, equal protection for all types of farmers, soil conservation and improvement, conservation and improvement of forest resources, encouragement of the family sized farm, retirement of sub-marginal land and reclamation and cultivation of potentially good farm land and improvements in the marketing of farm products.

Then there was the man of the cloth who angled for a supplemental petrol ration. On his application form appeared "Remember the Commandment; 'Go ye unto all the world and preach the Gospel.'"

The official reply showed that they knew how to deal with this sort of customer. In a scholarly hand on the letter refusing the request were the words:

"And I saddled me an ass."

When the small boy asked why he named his dog Ben Hur he answered: "I wanted to name her after Uncle Ben. Then I found out it was not a he so I called it Ben Her."

Husband: "Sorry I'm late, my dear, but the conference lasted a long time."

Wife: "What was it about?"

Husband: "Er— oh, as to whether we would merge or not."

Wife: "Well, from the amount of powder on your coat, it seems that she finally agreed to the merger."

The average American uses or causes to be used about 250 pounds of paper annually.

I have always been among those who believed that the greatest freedom of speech was the greatest safety, because if a man is a fool the best thing to do is to encourage him to advertise the fact by speaking—Woodrow Wilson.

Teacher (to geography class): Can anyone tell me where Pittsburgh is?

Smart Boy: They are playing in St. Louis today.

Fond Pop: What makes you think the next-door neighbor doesn't like Tommy's beating on his drum?

Suspicious Mom: Well, he gave Tommy a little pocketknife the other day, and then he asked him if he knew what was inside his drum.

Colored Preacher: "It may be hard fo' a rich man to enter the Kingdom of Heben, but it's jest as hard fo' a po' man to stay on de earth."

NOTICE

Members of the Randall County Farm Bureau Association are reminded that the Blue Cross Plan of Group Hospital Service is available to all the members and their families without examination on payment of a fee of $1.00, plus the quarterly premium payments. Enrollment must be made at least 15 days before the beginning of the calendar quarter.

Remittance should be made to Mrs. E. A. Michael, Secretary, Rt. 2, Canyon. Payments must be in before September 15 to be effective for the last quarter.

Quarterly charges are: one person $2.25; man and wife $4.50; man, wife and all children under 18, $5.25.

The original one dollar enrollment fee is paid only once and is not included in quarterly charges.

Christmas!

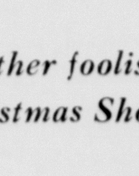
It may sound rather foolish to talk about doing your Christmas Shopping now—

But Uncle Sam says that Christmas packages to boys overseas must be mailed between September 15 and October 15.

Furthermore, Uncle Sam asks that you mail ALL packages for Christmas in the United States during November.

Christmas gifts are going to be mighty scarce this year—

We have an adequate stock to start the season and urge that you do your shopping now in order that you will not be disappointed later.



Christmas Cards Are On Display

"The Gift Shop"

Both are Phillips Research Laboratories

Phillips 66

IN TIME OF PEACE hundreds of Phillips chemists and engineers devoted themselves, in the glass-bricked laboratory pictured above, to search for product betterment.

Car-owners reaped the benefit in improved gasolines and lubricants, at prices which represented ever-increasing value for the money.

IN TIME OF WAR, Phillips research activities are sharply focused on the requirements for victory, and the U. S. Armed Forces . . . and you, not as a car-owner but as citizen and taxpayer . . . reap the benefit in improved products, at prices which represent ever-increasing value for the money.

The Phillips airplane pictured above, with its unique test and measuring devices, is also a laboratory . . . a flying laboratory for a Phillips pioneering research project. Phillips recently was *first* to conduct a flight test program to determine the anti-knock performance of aviation gasolines . . . not in earthbound test motors . . . but in combat-type engines under actual flying conditions.

PHILLIPS HIGH PLACE in the war production of butadiene for synthetic rubber, 100-octane aviation gasoline, and other petroleum chemicals, is the result of Phillips long years of peacetime research to extend the frontiers of knowledge concerning hydro-carbon chemistry.

Who can predict what great new benefits will flow to motorists after victory, as the result of Phillips wartime exploration of the limitless possibilities of the chemical production of *new and better things from petroleum gases as well as from petroleum!*

This much can be predicted with confidence: With the coming of peace, car-owners will be offered a vastly improved postwar Phillips 66 Gasoline. In the meantime, whenever you see the Phillips 66 Shield, let it remind you that Phillips great refineries are *gigantic chemical plants* pouring out weapons for victory.

BALLARD'S SNOW LINIMENT

To help relieve Sprains, and Bruises, also tired or Sore Muscles caused by too much exercise or exposure to bad weather, apply Ballard's Snow Liniment and rub gently. The comfort it affords will please you.

Jarrett Drug Company

GIVE YOUR ELECTRICAL APPLIANCES THE THOUGHTFUL CARE THAT SAVES REPAIR

There is no room for waste in wartime America. Rich in resources though this nation is, it is nevertheless essential that time and energy be conserved.

To household helps, especially electric appliances, proper care must be given in order to keep them on the job.

Check them over regularly, tighten loose screws and nuts, repair cords, clean and oil at frequent intervals.

By thus giving your electric appliances timely attention, they will in turn give you greater service until Victory is won. . . .

Mr. and Mrs. Cyril Diller and children visited Mr. and Mrs. Henry Bracht Sunday.

Mr. and Mrs. Joe Wieck and children visited with Mr. and Mrs. John Bečenk Sunday.

Mr. and Mrs. Jim Lankford were guests in the home of Mr. and Mrs. A. J. Lindemann Sunday.

Funeral Director (to aged mourner): "How old are you?"
"I'll be 98 next month."
"Hardly worth going home, is it?"

Sentry: Halt? Who goes there?
Voice: Cook, with doughnuts.
Sentry: Pass cook. Halt doughnuts.

Time was when mother saved her wedding dress for her daughter. Now she saves it for her next wedding.
